

# THE SUNSHINE KIDS FOUNDATION

HI!

---

Just wanted to drop you a letter and let you know that this month marks Daniel's one year anniversary from his last chemotherapy. He is doing super. Our thanks go out to all the doctors and nurses at Texas Children's Hospital and all the employees and volunteers associated with the Sunshine Kids organization.

Daniel has come very far from entering the Intensive Care Unit of Texas Children's in April of 1992 to being in remission today. He has been a strong and loving son through all of his treatments and I wanted to say that being part of the Sunshine Kids has made it easier along the way.

Through the Sunshine Kids he has been able to do things that he probably would never have gotten to do in his lifetime. He has enjoyed every party, event and especially the trips he was able to take. We are very thankful to all the dedicated people who has helped all our children through their hard times and given them good things to look forward to. I pray that they will continue with their great efforts. It has truly been a wonderful experience to be part of the Sunshine Kids.

**THANKS TO YOU ALL!!**

---

Your Sunshine Friend,

Daniel's Mom,  
Carolyn Cassell
