Attention: Ms. Jennifer Wisler

Dear Jennifer:

On behalf of the Pediatric Hematology/Oncology Center at St. Joseph's Children's Hospital, we would like to express our appreciation for the opportunity and experience of participating in the 2000 National Sunshine Kids Texas Hill Country Adventure. Both Gary and Jean Paul came back to New Jersey with stories to tell of the wonderful activities that were planned for them. The excitement and joy was evident on their faces as they each recounted the parts of the trip that were special to them.

As you are aware, this was our first experience with your organization. We were most impressed with the professionalism of the staff at the Sunshine Kids Foundation. We appreciate the degree of organization and coordination a trip of this magnitude requires. There appeared to be no detail too small for which attention was given.

It has been our pleasure to work with you on behalf of our patients. Please know that we look forward to participating in future trips.

Sincerely,

Jane M. Watson, LSW
Pediatric Hematology/Oncology
